

66th International Astronautical Congress
12-16 October, 2015, Jerusalem, Israel

Space – The Gateway for Mankind’s Future

- **The IAC 2015** is the international space community main event of the year, which brings collectively principal players from industry, academia, government and the media. IAC 2015 is an event you do not want to miss!
- **The International** Astronautical Congress - IAC which encompasses yearly more than 3,500 participants, speakers, exhibitors and sponsors from across the globe, is the premier conference on the international space calendar.
- **The IAC-2015** theme - “Space: The Gateway for Mankind’s Future” – is held in Jerusalem, Israel, on 12-16 October 2015.
- **Jerusalem** is a city rich with unique mosaic of contrasts and cultures. An ancient city with extraordinary history, dating back thousands of years. Jerusalem is also a modern capital with rich cultural, with vibrant nightlife, superb dining and first-rate accommodations.
- **Israel**, a “start-up nation” is known for its ongoing innovations in science and technology; acclaimed for its universities and research institutions; with established space capabilities and resources. Coupled with an abundance of fascinating archeological sites and breathtaking biblical landscapes, Israel, with Jerusalem at its capital is a captivating fusion of ageless marvels and cutting-edge wonders.
- **IAC 2015** presents an unrivaled opportunity to pursue new space science and exploration developments; garner new insights in specific fields of interest; identify and recognize new opportunities for collaboration and networking, with international and domestic esteemed experts, and scientists. Participants will enjoy a lively mix of keynote addresses, panel discussions, industry demonstrations and social events. For those interested in submitting a paper and making a presentation, the deadline for abstract submission is February 2015.
- **Organized by** the International Astronautical Federation -IAF, the IAC 2015 is hosted by the Israel Space Agency –ISA which is affiliated with the Israel's Ministry of Science, Technology and Space. To learn more about IAC 2015 – including up-to-date information on the program, registration, venue, accommodations, exhibition, call for papers, sponsorship opportunities, and much more – visit www.iac2015.org

Looking forward to seeing you in Jerusalem!
